Watching the Airplanes and Hearing So Much More

The Indianapolis Air Show is always a crowd pleaser- add in Flight Line Radio™ and you get a new dimension in entertainment.

Flight Line Radio™ gives the guests of the Indy Air Show the ability to clearly hear the air show announcer from anywhere on the show grounds, and much more. Before the show guests can listen to aviation information and entertainment provided by Flight Line internet Radio™ (FLiR). FLiR will provide radio entertainment produced specially for the Indianapolis Air show as well as excerpts from their regular programming.

This is the third year for Flight Line Radio™ at the Indy Air Show and the receivers are reusable every year at Indy, as well as may other events.

Flight Line Radio™ Receivers are available on the show grounds exclusively from the Boy Scouts.

Proceeds benefit the Boy Scouts and the Indianapolis Air Show Charities.

More Information

Flight Line internet Radio™ (FLiR) is a service of Flight Line Radio™ and can be heard 24/7 at www.flightlineinternetradio.com

Flight Line internet Radio provides original aviation related programming such as interviews, editorial commentary, and news features as well as fully produced shows such as the Warbird Beer Show. For more information on the Warbird Beer Show visit www.wardbeershow.com

About Flight Line Radio™

Flight Line Radio is an Indiana based company that provides private radio transmission services to the event industry. Flight Line Radio also provides an internet radio service for the general aviation community at www.flightlineinternetradio.com.
